MAYFIELD HOUSE SCHOOL

ALTERNATIVE PROVISION

Mayfield Road, Chorley, PR7 0DG

01257 511231

Welcome to Mayfield House School - Alternative Provision

Mayfield House School AP provides additional support to schools that have students, who for many reasons may not be accessing their education on a daily basis.

We provide a variety of programmes, including outreach work visiting schools to observe students in the school environment, working with teachers, SLT and support staff - creating strategies to help encourage, engage and increase the learning opportunities for the student; to offering day, weekly or temporary respite placements - on a short or long term basis.

Alternative Provision offers another option to avoid permanent exclusion for students and demonstrates a commitment by the school to an inclusive approach to their students' learning. Recognising that mainstream education is not for everyone our Alternative Provision offers a more bespoke timetable taking into consideration the different strengths and needs of the individual student, creating a broader subject choice, encouraging attendance and engagement.

We also offer placements for students waiting for a school place to become available allowing them to continue engaging in education during that period.

Mayfield House School A P : Services

Short Term/Long Term Placements:

With the threat of permanent exclusion or the potential for a student to derail their academic progress, our short term and long term placements are available to give the student space and time to manage their emotions.

Similar to our day placement(s) our Alternative Provision can work with the school to ensure their timetabled commitments are met or we can create a bespoke timetable/project based around the students' needs enabling them to recharge and re-engage, whilst working towards and achieving a recognised qualification.

Our staff are therapy and nurture based with a significant combined experience. Working with pupils on Social/Emotional aspects of their education, Mayfield House School AP will develop strategies with the student to assist their future learning.

Longer-term placements allow our staff to build stronger bonds with the student and create more coherent strategies for learning.

Day Placements:

Our staff will work with the pupil(s) on a theme of your choice or the school's choosing. We will use creative teaching approaches to bridge the gaps in the students' education. Acknowledging where the students' needs lie and working towards achieving the set goals. All strategies will be shared with the responsible school to assist the students' further education and learning.

Our Alternative Provision can be school focused, working towards exam work or a dedicated programme with 1-2-1 intervention and support.

Mayfield House School AP : Services

Baseline Assessment and Testing:

Our staff have access to various baseline tests for working with students' current attainment levels and assessments that are directed towards diagnosable conditions such as, dyslexia and dyscalculia. These tests are not medical diagnoses but an aid to identifying where issues may lie.

Professional testing can be accessed through us on request.

Outreach:

Working towards a whole team around the child approach; Our staff spend a day observing a student in their normal surroundings. Conversations with staff with the highest contact and most engagement would take place to discuss concerns, previous strategies and anticipated outcomes.

Following the day's observations and fact finding, a report containing information on the observation and strategies proposed to move forward with the student will be delivered.

Curriculum

As well as being able to follow the national curriculum we can offer qualifications through;

Arts Award - allowing us to create a number of bespoke projects including, performing arts, visual arts, animation and story telling.

ASDAN qualifications - We offer a number of short courses and long term courses that will enable your students to have a break from their normal timetable and focus on a topic that will help re-engage the student.

DofE - We can offer Duke of Edinburgh Awards. Achieving a DofE creates an amazing sense of achievement and can complement all students' learning.

We have a number of links set up with various provisions in the local area that maybe used to enhance the students' programme of learning. We also use educational and reward trips to recognise achievements throughout the programmes.

Students whether on roll at Mayfield House School or guests at our Alternative Provision have access to our nurture rooms. Therapeutic interventions are available upon request.
