A. Immediate response to a safeguarding concern

Statement of intent

Mayfield House School is committed to safeguarding and promoting the physical, mental and emotional welfare of every pupil, both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken.
This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance. It will be achieved by:

- Ensuring that directors, the headteacher and staff understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse, and know to refer concerns to the DSL.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Ensuring that the headteacher and any new staff and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

The proprietors, who are the school's directors, retain strategic responsibility for safeguarding. A senior member of school staff is appointed as the designated safeguarding lead (DSL). The headteacher ensures that staff at both Mayfield House and Mitchell House know the current DSL and trained deputies by name and role, how to reach them directly, and who provides daily cover. This is explained at induction and communicated promptly whenever it changes. The current cover holder and direct contact details are also recorded on Behaviour Watch. Individual DSL postholders are not named in this policy.

A DSL or appropriately trained deputy will be available during school hours in term time. The school will arrange reliable cover for absence and for activities outside normal hours. If neither can be reached, staff must seek advice from children's social care or make a referral themselves where necessary; an unavailable DSL must never delay action to protect a child.

Acronyms

This policy contains a number of acronyms used in the Education sector. These acronyms are listed below alongside their descriptions.

Acronym	Long form	Description
AI	Artificial intelligence	Computer systems and software that are able to perform tasks that ordinarily require human intelligence, such as decision-making and the creation of images.
CCE	Child criminal exploitation	A form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity in exchange for something the victim needs or wants, for the financial advantage or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.
CSCS	Children's social care services	The branch of the local authority that deals with children's social care.
CSE	Child sexual exploitation	A form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity in exchange for something the victim needs or wants, for the financial advantage, increased status or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.
DBS	Disclosure and Barring Service	The service that performs the statutory check of criminal records for anyone working or volunteering in a school.
DfE	Department for Education	The national government body with responsibility for children's services, policy and education, including early years, schools, higher and further education policy,

		apprenticeships and wider skills in England.
DPO	Data protection officer	The appointed person in school with responsibility for overseeing data protection strategy and implementation to ensure compliance with the UK GDPR and Data Protection Act.
DSL	Designated safeguarding lead	A member of the senior leadership team who has lead responsibility for safeguarding and child protection throughout the school.
EEA	European Economic Area	The Member States of the European Union (EU) and three countries of the European Free Trade Association (EFTA) (Iceland, Liechtenstein and Norway; excluding Switzerland).
EHC plan	Education, health and care plan	A funded intervention plan which coordinates the educational, health and care needs for pupils who have significant needs that impact on their learning and access to education. The plan identifies any additional support needs or interventions and the intended impact they will have for the pupil.
FGM	Female genital mutilation	All procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
UK GDPR	UK General Data Protection Regulation	Legislative provision designed to strengthen the safety and security of all data held within an organisation and ensure that procedures relating to personal data are fair and consistent.
HBA	‘Honour-based’ abuse	So-called ‘honour-based’ abuse involves crimes that have been committed to defend the honour of the family and/or community.
HMCTS	HM Courts and Tribunals	HM Courts and Tribunals Service is responsible for the administration of criminal,

	Service	civil and family courts and tribunals in England and Wales. HMCTS is an executive agency, sponsored by the Ministry of Justice.
IICSA	Independent Inquiry into Child Sexual Abuse	The Independent Inquiry into Child Sexual Abuse is analysing case files from the Disclosure and Barring Service to learn more about the behaviours of perpetrators who have sexually abused children in institutions, and to understand institutional responses to these behaviours.
KCSIE	Keeping children safe in education	Statutory guidance setting out schools and colleges' duties to safeguard and promote the welfare of children.
LA	Local authority	A local government agency responsible for the provision of a range of services in a specified local area, including education.
CLA	Children looked-after	Children who have been placed in local authority care or where children's services have looked after children for more than a period of 24 hours.
LGBTQ+	Lesbian, gay, bisexual, transgender and queer plus	Term relating to a community of people, protected by the Equality Act 2010, who identify as lesbian, gay, bisexual or transgender, or other protected sexual or gender identities.
NPCC	The National Police Chiefs' Council	The National Police Chiefs' Council is a national coordination body for law enforcement in the United Kingdom and the representative body for British police chief officers.
PCLA	Previously children looked-after	Children who were previously in local authority care or were looked after by children's services for more than a period of 24 hours. PCLA are also known as care leavers.
PSHE	Personal, social and health	A non-statutory subject in which pupils learn about themselves, other people, rights,

	education	responsibilities and relationships.
RSHE	Relationships, sex and health education	A compulsory subject from Year 7 for all pupils. Includes the teaching of sexual health, reproduction and sexuality, as well as promoting positive relationships.
SCR	Single central record	A statutory secure record of recruitment and identity checks for all permanent and temporary staff, proprietors, contractors, external coaches and instructors, and volunteers who attend the school in a non-visitor capacity.
SENCO	Special educational needs coordinator	A statutory role within all schools maintaining oversight and coordinating the implementation of the school's special educational needs policy and provision of education to pupils with special educational needs.
SLT	Senior leadership team	Staff members who have been delegated leadership responsibilities in a school.
TRA	Teaching Regulation Agency	An executive agency of the DfE with responsibility for the regulation of the teaching profession.
VSH	Virtual school head	Virtual school heads are in charge of promoting the educational achievement of all the children looked after by the local authority they work for, and all children who currently have, or previously had, a social worker.

Definitions

The terms **"children"** and **"child"** refer to anyone under the age of 18.

For the purposes of this policy, **"safeguarding and protecting the welfare of children"** is defined as:

- Providing help and support to meet the needs of pupils as soon as problems emerge.
- Protecting pupils from maltreatment, whether that is within or outside the home, including online.

- Preventing the impairment of pupils' mental and physical health or development.
- Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all pupils to have the best outcomes.

For the purposes of this policy, **"consent"** is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another, and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity, and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

For the purposes of this policy, **"sexual violence"** refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

For the purposes of this policy, **"sexual harassment"** refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil's dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual "jokes" and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone's clothes, and displaying images of a sexual nature.

- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
    - The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
    - Sharing unwanted explicit content.
    - Upskirting.
    - Sexualised online bullying.
    - Unwanted sexual comments and messages, including on social media.
    - Sexual exploitation, coercion, and threats.

For the purposes of this policy, **"upskirting"** refers to the act, as identified the Voyeurism (Offences) Act 2019, of taking a picture or video under another person's clothing, without their knowledge or consent, with the intention of viewing that person's genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

For the purposes of this policy, the **"consensual and non-consensual sharing of nude and semi-nude images and/or videos"**, colloquially known as **"sexting"**, and collectively called **"youth-produced sexual imagery"** is defined as the creation of sexually explicit content by a person under the age of 18 that is shared with another person under the age of 18. This definition does not cover persons under the age of 18 sharing adult pornography or exchanging messages that do not contain sexual images.

"**Deep fakes**" and "**deep nudes**" refer to digitally manipulated and AI-generated nudes and semi-nudes.

For the purposes of this policy, **"indecent imagery"** is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

Indecent images also include indecent **"pseudo-images"**, which are images have been created or manipulated using computer software and/or AI.

For the purposes of this policy, **"abuse"** is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic

abuse. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, **"physical abuse"** is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, **"emotional abuse"** is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age- or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, **"sexual abuse"** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, **"neglect"** is defined as the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

1. Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

Legislation

- Children Act 1989
- Sexual Offences Act 2003
- Female Genital Mutilation Act 2003 (as inserted by the Serious Crime Act 2015)
- Children Act 2004
- Safeguarding Vulnerable Groups Act 2006
- Apprenticeships, Skills, Children and Learning Act 2009
- Equality Act 2010
- The Education (School Teachers' Appraisal) (England) Regulations 2012 (as amended)
- Anti-social Behaviour, Crime and Policing Act 2014
- Counter-Terrorism and Security Act 2015
- The UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018
- Voyeurism (Offences) Act 2019
- Domestic Abuse Act 2021
- Marriage and Civil Partnership (Minimum Age) Act 2022
- Data (Use and Access) Act 2025
- Relevant provisions of the Crime and Policing Act 2026

Statutory guidance

- Home Office (2023) 'Prevent duty guidance: Guidance for specified authorities in England and Wales'
- DfE (2026) 'Working Together to Safeguard Children 2026'
- DfE (2018) 'Disqualification under the Childcare Act 2006'
- DfE (2026) 'Keeping children safe in education 2026'

- HM Government (2020) ‘Multi-agency statutory guidance on female genital mutilation’
- HM Government (2023) ‘Channel Duty Guidance: Protecting people susceptible to radicalisation’
- Home Office and Foreign, Commonwealth and Development Office (2023) ‘Multi-agency statutory guidance for dealing with forced marriage and Multi-agency practice guidelines: Handling cases of forced marriage’

Non-statutory guidance

- DfE (2015) ‘What to do if you’re worried a child is being abused’
- DfE (2017) ‘Child sexual exploitation’
- DfE (2025) ‘Filtering and monitoring standards for schools and colleges’
- DfE (2024) ‘Information sharing’
- DfE (2024) ‘Sharing nudes and semi-nudes: advice for education settings working with children and young people’
- DfE (2021) ‘Teachers’ Standards’
- DfE (2024) ‘Recruit teachers from overseas’
- DfE (2024) ‘Working together to improve school attendance’
- DfE (2025) ‘Meeting digital and technology standards in schools and colleges’
- Department of Health and Social Care (2024) ‘Virginity testing and hymenoplasty: multi-agency guidance’
- DfE ‘Restrictive interventions, including the use of reasonable force, in schools’

This policy has been written with due regard to the Education (Independent School Standards) Regulations 2014 (as amended), particularly Part 3, which sets out requirements for safeguarding, welfare, and health and safety.

This policy operates in conjunction with the following school policies and documents:

- Children Missing from Education Policy
- Child Sexual Exploitation (CSE) Policy
- Prevent Duty Policy
- Child-on-child Abuse Policy
- Anti-bullying Policy
- Suspension and Exclusion Policy
- Online Safety Policy

- Cyber-security Policy
- Pupils' Personal Electronic Devices Policy
- Staff ICT and Electronic Devices Policy
- Data Protection Policy
- Photography and Images Policy
- Records Management Policy
- CLA Policy
- Whistleblowing Policy
- Allegations of Abuse Against Staff Policy
- Safer Recruitment Policy
- Staff Code of Conduct
- Social, Emotional and Mental Health (SEMH) Policy
- Behaviour Policy
- Low-level Safeguarding Concerns Policy
- Staff Disqualification Declaration Form
- Reporting Safeguarding Concerns Flowchart

2. Roles and responsibilities

All staff have a responsibility to:

- Consider, at all times, what is in the best interests of the pupil.
- Maintain an attitude of 'it could happen here' where safeguarding is concerned.
- Provide a safe environment in which pupils can learn.
- Be prepared to identify pupils who may benefit from early help.
- Be aware of the school's systems which support safeguarding, including any policies, procedures, information and training provided upon induction.
- Be aware of the role and identity of the DSL and deputy DSLs.
- Undertake safeguarding training, including online safety training (which, amongst other things, includes an understanding of the expectations and responsibilities relating to filtering and monitoring), during their induction – this will be regularly updated.

- Receive and understand child protection and safeguarding (including online safety) updates, e.g. via email, as required, and at least annually.
- Be aware of the local early help process and understand their role in it.
- Be aware of, and understand, the process for making referrals to CSCS, as well as for making statutory assessments under the Children Act 1989 and their role in these assessments.
- Make a referral to CSCS and/or the police immediately, if at any point there is a risk of immediate serious harm to a child.
- Support social workers in making decisions about individual children, in collaboration with the DSL.
- Be aware of and understand the procedure to follow in the event that a child confides they are being abused, exploited or neglected.
- Be aware that a pupil may not feel ready or know how to tell someone that they are being abused, exploited or neglected, and/or may not recognise their experiences as harmful.
- Promote dialogue and understanding, and ensure all pupils feel listened to and understood.
- Empower pupils and allow them to understand their rights to safety and privacy, and to help them understand what they can do to keep themselves protected from harm.
- Avoid victim-blaming attitudes, and challenge it in a professional way if it occurs.
- Maintain appropriate levels of confidentiality when dealing with individual cases.
- Reassure victims that they are being taken seriously, that they will be supported, and that they will be kept safe.
- Speak to the DSL if they are unsure about how to handle safeguarding matters.
- Be aware of safeguarding issues that can put pupils at risk of harm.
- Be aware of behaviours that could potentially be a sign that a pupil may be at risk of harm.

Teachers, including the headteacher, have a responsibility to:

- Safeguard pupils' wellbeing and maintain public trust in the teaching profession as part of their professional duties, as outlined in the 'Teachers' Standards'.
- Teachers must personally report to the police a known case where they discover that FGM appears to have been carried out on a girl under 18. They must also inform the DSL; informing the DSL does not discharge the teacher's personal reporting duty.

The Proprietors (Directors) have a duty to:

- Take strategic leadership responsibility for the school's safeguarding arrangements.
- Ensure that the school complies with its duties under the above child protection and safeguarding legislation.
- Guarantee that the policies, procedures and training opportunities in the school are effective and comply with the law at all times.
- Guarantee that the school contributes to multi-agency working in line with the statutory guidance 'Working Together to Safeguard Children'.
- Confirm that the school's safeguarding arrangements take into account the procedures and practices of the LA as part of the inter-agency safeguarding procedures.
- Understand the local criteria for action and the local protocol for assessment, and ensure these are reflected in the school's policies and procedures.
- Comply with its obligations under section 14B of the Children Act 2004 to supply the local safeguarding arrangements with information to fulfil its functions.
- Ensure that all staff, including staff who do not work directly with children, read Part one of the current Keeping children safe in education guidance and are helped to understand and apply it.
- Ensure that mechanisms are in place to assist staff to understand and discharge their role and responsibilities in regard to safeguarding children.
- Ensure a senior board level lead takes leadership responsibility for safeguarding arrangements.
- Appoint a member of staff from the SLT to the role of DSL as an explicit part of the role-holder's job description.
- A proprietor will not be appointed as the DSL. The DSL must have the status, authority, time, training and resources needed to carry out the role independently, including authority to seek advice from the local authority designated officer (LADO) where a concern involves a proprietor, director or their family.
- Appoint one or more deputies where needed for reliable cover. A deputy must be trained to the same standard as the DSL and have the role recorded in their job description. Delegating activities to a deputy does not transfer the DSL's ultimate lead responsibility.
- Facilitate a whole-school approach to safeguarding; this includes ensuring that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development.
- Where there is a safeguarding concern, ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide.
- Ensure systems are in place, children to confidently report abuse, knowing that their concerns will be treated seriously, and they can safely express their views and give

feedback; these systems will be well-promoted, easily understood, and easily accessible.

- Ensure that staff have due regard to relevant data protection principles that allow them to share and withhold personal information.
- Ensure that a director is nominated to liaise with the LA and/or partner agencies on issues of child protection and in the event of allegations of abuse made against the headteacher or director.
- Guarantee that there are effective and appropriate policies and procedures in place.
- Ensure all relevant persons are aware of the school's local safeguarding arrangements, including the directors, the SLT and DSL.
- Make sure that pupils are taught about safeguarding, including protection against dangers online (including when they are online at home), through teaching and learning opportunities, as part of providing a broad and balanced curriculum.
- Adhere to statutory responsibilities by conducting pre-employment checks on staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required.
- Ensure that staff are appropriately trained to support pupils to be themselves at school, e.g. if they are LGBTQ+.
- Ensure the school has clear systems and processes in place for identifying possible mental health problems in pupils, including clear routes to escalate concerns and clear referral and accountability systems.
- Guarantee that volunteers are appropriately supervised.
- Make sure that at least one person on any appointment panel has undertaken safer recruitment training.
- Ensure that all staff receive safeguarding and child protection training updates, e.g. emails, as required, but at least annually.
- Have overall strategic responsibility for filtering and monitoring and seek assurance that the filtering and monitoring standards for schools are being met
- Ensure that directors receive appropriate safeguarding and child protection training upon their induction and that this training is updated regularly.
- Certify that there are procedures in place to handle allegations against staff, supply staff, volunteers and contractors.
- Confirm that there are procedures in place to make a referral to the DBS and the Teaching Regulation Agency (TRA), where appropriate, if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned.

- Guarantee that there are procedures in place to handle pupils' allegations against other pupils.
- Ensure that appropriate disciplinary procedures are in place, as well as policies pertaining to the behaviour of pupils and staff.
- Ensure that procedures are in place to eliminate unlawful discrimination, harassment and victimisation, including those in relation to child-on-child abuse.
- Guarantee that there are systems in place for pupils to express their views and give feedback.
- Establish an early help procedure and ensure all staff understand the procedure and their role in it.
- Appoint a designated teacher to promote the educational achievement of CLA and ensure that this person has undergone appropriate training.
- Ensure that the designated teacher works with the VSH to discuss how the pupil premium funding can best be used to support CLA.
- Introduce mechanisms to assist staff in understanding and discharging their roles and responsibilities.
- Make sure that staff members have the skills, knowledge and understanding necessary to keep CLA safe, particularly with regard to the pupil's legal status, contact details and care arrangements.
- Put in place appropriate safeguarding responses for pupils who become absent from education, particularly on repeat occasions and/or for prolonged periods, to help identify any risk of abuse, neglect or exploitation, and prevent the risk of their disappearance in future.
- Ensure that all directors have been subject to an enhanced DBS check.
- Create a culture where staff are confident to challenge senior leaders over any safeguarding concerns.
- Be aware of their obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), the Data Protection Act 2018, the UK GDPR and the local multi-agency safeguarding arrangements.
- Ensure that appropriate arrangements are in place to keep children safe where school facilities or premises are hired or rented out to organisations or individuals and, where services or activities are provided separately by another body, seek assurance that the body has appropriate safeguarding and child protection policies and procedures in place and that individuals working with children have appropriate DBS checks.
- Ensure that safeguarding requirements are included in any transfer of control agreement, i.e. lease or hire agreement, as a condition of use and occupation of the premises, and that failure to comply with this would lead to termination of the agreement.

- Establish robust health and safety and emergency evacuation procedures.
- To maintain rigorous oversight of safeguarding practice, the directors and members of the senior leadership team (SLT) hold formal safeguarding meetings on a monthly basis.
- The DSL provides the safeguarding case and practice report. A director with safeguarding oversight chairs or records the governance review, with confidential case information shared only to the extent needed for oversight. Actions and deadlines are recorded and followed up.

The purpose of these meetings is to:

- Review current safeguarding cases and ongoing actions (ensuring confidentiality and data protection are maintained).
- Monitor compliance with statutory duties and internal safeguarding procedures.
- Review any incidents, referrals, and outcomes from external agencies.
- Analyse trends, training updates, and any changes in national or local guidance.
- Evaluate the effectiveness of the school's preventative measures, online safety systems, and early help strategies.
- Identify any required policy amendments or additional staff training needs.

A written record of each meeting is produced and retained securely. Summary updates are presented to the full board of directors termly to ensure continuous strategic oversight of safeguarding within the school

The headteacher has a duty to:

- Ensure that the policies and procedures adopted by the directors, particularly concerning referrals of cases of suspected abuse and neglect, are followed by staff.
- Ensure that staff implement appropriate filters and monitoring of online material.
- Provide staff with the appropriate policies and information upon induction.
- Ensure that the school practises safe recruitment in checking the suitability of staff and volunteers to work with children in accordance with the guidance in Keeping Children Safe in Education and the Education (Independent School Standards) (England) Regulations 2014 as amended.
- Ensure that the school carries out all necessary checks on the suitability of people who serve as directors.
- Ensure that the school considers and makes any required DBS referral as soon as possible when a person is removed from regulated activity, or would have been removed had they not left, because the statutory harm or risk-of-harm conditions are met.

- Ensuring that appropriate contact with pupils does not prevent staff members from using reasonable force and other restrictive interventions.

The DSL has a duty to:

The DSL will be a member of the senior leadership team (SLT) with the status and authority to carry out the role effectively, including managing safeguarding issues, raising awareness, and supporting other staff.

- Take lead responsibility for safeguarding and child protection, including online safety and understanding the filtering and monitoring systems and processes in place.
- Provide advice and support to other staff on child welfare, safeguarding and child protection matters.
- Take part in strategy discussions and inter-agency meetings, and/or support other staff to do so.
- Contribute to the assessment of children, and/or support other staff to do so.
- During term time, be available during school hours for staff to discuss any safeguarding concerns. **NB:** Individual schools, working with the DSL, define what "available" means and whether, in exceptional circumstances, availability via phone, videocall, or other media is an acceptable substitution for in-person availability.
- The school will maintain a known daily cover arrangement across Mayfield House and Mitchell House. The current cover holder and direct contact details are recorded on Behaviour Watch and communicated to staff at both sites. Urgent concerns sent through any approved secure route will be monitored during DSL absence, handed over securely and acted upon without delay. Entering a concern on Behaviour Watch does not replace direct urgent contact.
- Arrange, alongside the school, adequate and appropriate cover for any activities outside of school hours or terms.
- Refer cases:
    - To CSCS where abuse and neglect are suspected, and support staff who make referrals to CSCS.
    - To the Channel programme where radicalisation concerns arise, and support staff who make referrals to the Channel programme.
    - Advise the headteacher and proprietors promptly of circumstances that may trigger the school's duty to refer a person to the DBS, and provide relevant safeguarding information for that decision.
    - To the police where a crime may have been committed, in line with the National Police Chiefs' Council (NPCC) guidance.
- Act as a source of support, advice and expertise for all staff.

- Act as a point of contact with the safeguarding partners.
- Liaise with the headteacher to inform them of issues, especially regarding ongoing enquiries under section 47 of the Children Act 1989 and police investigations.
- Liaise with the deputy DSLs to ensure effective safeguarding outcomes.
- Liaise with the case manager and the LA designated officers (LADOs) for child protection concerns in cases concerning staff.
- Liaise with staff on matters of safety, safeguarding and welfare, including online and digital safety.
- Liaise with staff when deciding whether to make a referral by liaising with relevant agencies so that children's needs are considered holistically.
- Liaise with the senior mental health lead and, where available, the mental health support team, where safeguarding concerns are linked to mental health.
- Promote supportive engagement with parents in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances.
- Work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on their attendance, engagement and achievement at school. This includes:
    - Ensuring that the school knows which pupils have or had a social worker.
    - Understanding the academic progress and attainment of these pupils.
    - Maintaining a culture of high aspirations for these pupils.
    - Supporting teachers to provide additional academic support or reasonable adjustments to help these pupils reach their potential.
    - Helping to promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues these pupils are experiencing with teachers and the SLT.
- Ensure that child protection files are kept up-to-date and only accessed by those who need to do so.
- Ensure the child protection file is transferred securely and separately from the main pupil file as soon as possible: within five days for an in-year transfer or within the first five days of a new term. Obtain confirmation that the receiving school has received it.
- Ensure each member of staff has access to and understands the school's Child Protection and Safeguarding Policy and procedures – this will be discussed during the staff induction process.

- Work with the directors to ensure the school's Child Protection and Safeguarding Policy is reviewed annually, and the procedures are updated and reviewed regularly.
- Ensure the school's Child Protection and Safeguarding Policy is available publicly, and parents are aware that the school may make referrals for suspected cases of abuse or neglect, as well as the role the school plays in these referrals.
- Link with safeguarding partner arrangements to make sure that staff are aware of the training opportunities available and the latest local policies on safeguarding.
- Undergo training, and update this training at least every two years.
- The school records DSL and deputy training dates and expiry in its training matrix. If a postholder's role-specific training has expired, the headteacher and proprietors will arrange a prompt refresher and confirm appropriately trained cover. A person will only be presented to staff as trained DSL or deputy cover after their appointment and training status have been verified.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings; this includes understanding the difficulties pupils may have in approaching staff about their circumstances and considering how to build trusted relationships that facilitate communication.
- Support and advise staff and help them feel confident on welfare, safeguarding and child protection matters: specifically, to ensure that staff are supported during the referrals processes; and to support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.
- Understand the importance of information sharing, including within school, with other schools, and with the safeguarding partners, other agencies, organisations and practitioners.
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK GDPR.
- Keep detailed, accurate, secure written records of safeguarding concerns, decisions made, and whether or not referrals have been made, and understand the purpose of this record-keeping.

The designated teacher has a responsibility for promoting the educational achievement of CLA and PCLA, and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.

3. Multi-agency working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements.

The school will be fully engaged, involved, and included in the child-centred approach towards local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies.

The school will develop trusting relationships between families and agencies to protect the welfare of its pupils, through the early help process and by contributing to multi-agency plans to provide additional support.

The school will work with the relevant local authority, safeguarding partners and other agencies under published local arrangements. It will support Family Help assessments where appropriate and cooperate promptly with children's social care assessments under sections 17 and 47 of the Children Act 1989. A Family Help process will not delay a referral where a child may need statutory protection.

The school will also be mindful of the importance of inter-agency working in identifying and preventing CSE.

The school will reflect the DfE's expectations to secure strong multi-agency working by:

- Collaborating with services to achieve shared goals and share information.
- Learning from evidence and sharing perspective to evaluate provision.
- Prioritising and sharing resources depending on pupils' needs.
- Celebrating inclusivity and diversity and challenging discrimination.
- Mutually and constructively challenging other's assumptions in a respectful manner.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSLs.

4. Family help and early support

The school provides pastoral and therapeutic support through its pastoral team, with input from its employed clinical psychologist where appropriate. A pupil does not need an Early Help or Family Help assessment simply because they have SEND or SEMH needs or receive school-based support. Where needs extend beyond what the school can provide, or a child

and family would benefit from coordinated support from other agencies, the DSL will consider with the family an assessment under the relevant local arrangements. In Lancashire this may be an Early Help Assessment and Plan. Voluntary support normally requires the family's agreement. An assessment is not a prerequisite for a referral to children's social care where a child may be in need or at risk of significant harm.

Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Are suffering from mental ill health.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised.
- Have family members in custody or is affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Are misusing drugs or alcohol.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Have experienced multiple suspensions and are at risk of, or have been, permanently excluded from school, alternative provision or a PRU.

The school will not limit its support to pupils affected by the above and will be mindful of a variety of additional circumstances in which pupils may benefit from early help, for example, if they are:

- Bereaved.
- Viewing problematic or inappropriate online content or developing inappropriate relationships online.
- Have recently returned home to their family from care.
- Missing education, or are persistently absent from school, or not in receipt of full-time education.

Staff will be mindful of all signs of abuse, neglect and exploitation and use their professional curiosity to raise concerns to the DSL.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

5. Abuse, neglect and exploitation

All staff will be aware of the indicators of abuse, neglect and exploitation and will understand that children can be at risk of harm inside and outside of the school, inside and outside of home, in an institutional or community setting by those known to them or by others, and online. Staff will also be aware that pupils can be affected by seeing, hearing or experiencing the effects of abuse.

Staff will also consider modern slavery, financial exploitation, stalking and harm involving weapons. Risks may overlap and may occur in school, at home, in the community and online. Staff must not assume that a change in behaviour is explained by a pupil's SEND, SEMH needs or diagnosis without considering possible abuse or exploitation.

The school will recognise that abuse or neglect of a child may occur through the infliction of harm or through the failure to act to prevent harm. The school will understand that harm can include ill treatment that is not physical in nature, as well as the psychological impact of witnessing the ill treatment of others.

The school will pay particular attention to the effects of domestic abuse on children, recognising that harm may arise not only when children are directly involved, but also when they see, hear, or otherwise experience its consequences. All necessary steps will be taken to identify and respond appropriately to such concerns in order to safeguard and promote the welfare of all pupils.

All staff will understand that abuse, neglect, exploitation and other safeguarding issues are rarely standalone events that can be given a specific definition or one label alone. Staff will understand that, in most cases, multiple issues will overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL.

All staff, especially the DSL and deputy DSLs, will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

6. Specific safeguarding issues

There are certain specific safeguarding issues that can put children at risk of harm – staff will be aware of these issues.

Staff will follow the reporting and referral procedures in this policy for any safeguarding concern. School leaders and staff who work directly with children will also read Annex A of the current *Keeping children safe in education* for further information about specific safeguarding issues. Appendix A of this policy provides the school's immediate response steps.

7. Child-on-child abuse including harassment and violence

For the purposes of this policy, "child-on-child abuse" is defined as abuse between children.

Child-on-child abuse, including harassment and violence, is a safeguarding concern for both the child harmed and the child alleged to have caused harm. It can be prevented and must not be dismissed as banter, a predictable feature of disability or behaviour, or part of growing up. It may involve serious physical harm, threats or weapons.

The school has a zero-tolerance approach to abuse, including child-on-child abuse, as confirmed in the Child Protection and Safeguarding Policy's statement of intent.

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers, and will not tolerate abuse as "banter" or "part of growing up".

Child-on-child abuse can be manifested in many different ways, including:

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers – sometimes known as 'teenage relationship abuse'.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.

- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

Some children may be particularly vulnerable and have an increased risk of abuse. The school will recognise that children with SEND or certain health conditions are three times more likely to be abused by their peers, can face additional safeguarding challenges and may be more prone to child-on-child group isolation or bullying (including prejudice-based bullying) than other children. The school will consider extra pastoral support for those children.

All pupils have the right to be safeguarded from harm regardless of race, religion, ethnicity, age, gender, sexuality or disability. The school will give special consideration to, amongst others, children who:

- Have SEND.
- Are vulnerable to being bullied.
- Are looked after or living in unsupportive home situations.

The DSL will ensure they appropriately assess all instances of child-on-child abuse, including in cases of image-based abuse, to help determine whether the alleged perpetrator(s) is under the age of 18 or is an adult posing as a child. The DSL will immediately refer the case if it is found that a so-called child-on-child abuse incident involves an adult, e.g. where an adult poses as a child online to groom a child or young person.

All staff will be clear as to the school's policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

Following a report of sexual violence, the DSL or deputy will carry out an immediate risk and needs assessment. Following sexual harassment, they will consider whether one is needed. The assessment will address the safety and support needs of the child harmed, the child alleged to have caused harm and other pupils, and will be reviewed as circumstances change. A behaviour response will not replace safeguarding action.

The school's procedures for managing allegations of child-on-child abuse are outlined in the Child-on-child Abuse Policy. Staff will follow these procedures, as well as the procedures outlined in the school's Anti-bullying Policy and Suspension and Exclusion Policy, where relevant.

8. Online safety and personal electronic devices

The school will adhere to the Online Safety Policy at all times.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through training, all staff members will be made aware of:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online.
- The procedure to follow when they have a concern regarding a pupil's online activity.

Staff training in online safety will cover the four categories of risk as outlined in KCSIE:

- Content - Staff will be trained to understand the risks associated with being exposed to illegal, inappropriate, or harmful material. This will include, but not be limited to, content relating to pornography, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, extremism, misinformation, disinformation, and conspiracy theories.
- Contact - Training will address the risks of harmful online interaction with other users. This will include peer-to-peer pressure, exposure to commercial advertising, and the threat posed by adults impersonating children or young people with the intention of grooming or exploiting them for sexual, criminal, financial, or other purposes.
- Conduct - Staff will be made aware of how certain online behaviours may increase the likelihood of harm or result in actual harm. This will encompass activities such as creating, sending, or receiving explicit images, the distribution of other explicit material, and instances of online bullying.
- Commerce - The programme will also cover risks related to online commerce. These will include dangers such as online gambling, exposure to inappropriate advertising, phishing attempts, and other types of financial scams. Any concerns that pupils or staff may be at risk will be reported promptly to the Anti-Phishing Working Group or through appropriate safeguarding channels.

Online risks include content or images altered or generated using artificial intelligence. Staff will not enter identifiable pupil information into unapproved AI tools and will follow the school's approved device, communication and reporting arrangements.

The school will ensure that appropriate filtering systems are in place on school devices and school networks to prevent children accessing inappropriate material, in accordance with the school's Cyber-security Policy. The appropriateness of the school's filters and monitoring systems will be informed by the Filtering and monitoring standards, the Cyber security standards for schools and colleges, and the risk assessment required by the Prevent Duty. The school will, however, ensure that the use of filtering and monitoring systems does not cause "over blocking", which may lead to unreasonable restrictions as to what pupils can be taught online. The school will also ensure that it meets the filtering and monitoring standards published by the DfE.

Staff will be aware of the filtering and monitoring systems in place and will know how to escalate concerns where they are identified. Staff will be made aware of their expectations and responsibilities relating to filtering and monitoring systems during their induction.

Further information regarding the school's approach to online safety can be found in the Online Safety Policy.

Communicating with parents

As part of the usual communication with parents, the school will reinforce the importance of pupils being safe online and inform parents that they will find it helpful to understand what systems the school uses to filter and monitor internet use.

The school will also make it clear to parents what their children are being asked to do online for school.

Reviewing online safety

The school will carry out an annual review of its approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by pupils.

At least once each academic year, the senior leader responsible for filtering and monitoring will review its effectiveness with the DSL and technical support. The review will include recorded checks of internet-connected devices and relevant locations at both school sites, alerts, gaps and actions taken.

Personal electronic devices

The use of personal electronic devices, including mobile phones and cameras, by staff and pupils is closely monitored by the school, in accordance with the Staff ICT and Electronic Devices Policy and Pupils' Personal Electronic Devices Policy.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy and Photography and Images Policy. The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve pupils who are CLA, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are CLA or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. "Operating equipment" includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

9. Making or sharing nudes and semi-nudes

Every incident involving the making or sharing of a nude or semi-nude image of a child requires a safeguarding response, whether the sharing is described as consensual or non-consensual.

This includes photographs, video and imagery altered or generated using artificial intelligence. Staff report the concern promptly to the DSL, do not forward or circulate imagery, and follow the school's specialist image-sharing procedure and police advice.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with instances of sharing nudes and semi-nudes in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images, and how and when to report instances of this behaviour.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Staff will also be made aware that the laws imposed on the sharing of nudes and semi-nudes applies to digitally manipulated and AI-generated imagery.

Where a member of staff becomes aware of an incidence of sharing nudes and/or semi-nudes, they will refer this to the DSL as soon as possible. The DSL will work to support the affected pupils and inform them of the reporting routes to remove a nude or semi-nude that has been shared online or to prevent an image from being shared online.

The school′s full response to incidents of consensual and non-consensual sharing of indecent images and videos can be found in the Youth-produced Sexual Imagery Policy, including the appropriate reporting routes for both staff and pupils.

10. Appropriate physical contact with pupils

The School will not operate a 'no contact' policy. The School will also not agree to any request from parents or staff that would prevent the use of reasonable force and other restrictive interventions where these may be necessary and lawful. A 'no contact' approach could leave staff unable to intervene appropriately to safeguard pupils and others.

Any use of reasonable force or restrictive intervention must be lawful, necessary and proportionate to the circumstances, with the pupil's individual needs considered. It will be recorded, communicated and reviewed under the Physical Intervention Policy. Physical intervention is not a substitute for a safeguarding referral.

Use of physical intervention will be managed in line with the school's Physical Intervention Policy.

The School will adopt sensible policies and practices which will allow and support staff to make appropriate physical contact with pupils where this is necessary, proportionate and in the best interests of the child. There will be circumstances in which physical contact will be appropriate and will not give rise to concerns about the use of reasonable force or restrictive interventions.

Examples of circumstances where physical contact will generally be appropriate include:

- Providing first aid.

- Guiding or escorting pupils, e.g. holding the hand of a younger pupil when moving around the school or on a school trip, supporting a pupil to move to a space they have chosen to access in order to self-regulate, or assisting pupils to move safely.
- Comforting a distressed pupil.

In a therapeutic SEN context, some pupils may seek reassurance through close physical proximity or brief physical comfort from trusted adults. This may include sitting alongside a pupil or accepting a brief, child-initiated cuddle where this is appropriate to the pupil's developmental, emotional and sensory needs.

Any such contact is always:

- *in the best interests of the child*
- *responsive to the pupil's needs rather than adult-initiated*
- *time-limited and proportionate*
- *appropriate to the age, understanding and individual profile of the pupil*
- *open, observable and professionally defensible*

Staff are trained to use professional judgement to determine when physical reassurance is supportive and when alternative strategies should be used, and all contact is guided by safeguarding principles, trauma-informed practice and the school's Staff Code of Conduct.

- Congratulating or praising a pupil, e.g. a handshake or a brief pat on the back.
- Demonstrating how to use a musical instrument.
- Demonstrating exercises or techniques during PE lessons or sports coaching.

When deciding whether physical contact will be appropriate in a particular situation, staff will use their professional judgement and will have regard to:

- This policy and any other relevant policy.
- The context and circumstances, including whether other adults are present.
- The individual pupil's age and level of understanding.
- Any other relevant factors, including, but not limited to:
    - Whether the pupil has SEND or other vulnerabilities.

Whether alternative strategies that do not involve physical contact could be used

11. Context of safeguarding incidents

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSLs, will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider

environmental factors that are a threat to their safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSCS.

12. Pupils potentially at greater risk of harm

The school recognises that some groups of pupils can face additional safeguarding challenges, both online and offline, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outlined below.

Pupils who need social workers

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL will hold and use information from the LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes.

Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare, e.g. considering the provision pastoral or academic support.

Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the School Attendance (Pupil Registration) (England) Regulations 2024, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

CLA and PCLA

Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. PCLA, also known as care leavers, can also remain vulnerable after leaving care.

The directors will ensure that staff have the skills, knowledge and understanding to keep CLA and PCLA safe. This includes ensuring that the appropriate staff have the information they need, such as:

- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.

- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

The DSL will be provided with the necessary details of pupils' social workers and the VSH, and, for PCLA, personal advisers.

Further details of safeguarding procedures for CLA and PCLA are outlined in the school's CLA Policy.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionally impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

LGBTQ+ pupils

The fact that a pupil may be LGBTQ+ is not in itself an inherent risk factor for harm; however, staff will be aware that LGBTQ+ pupils can be targeted by other individuals. Staff will also be aware that, in some cases, a pupil who is perceived by others to be LGBTQ+ (whether they are or not) can be just as vulnerable as pupils who identify as LGBTQ+.

Staff will also be aware that the risks to these pupils can be compounded when they do not have a trusted adult with whom they can speak openly with. Staff will endeavour to reduce the additional barriers faced by these pupils and provide a safe space for them to speak out and share any concerns they have.

Pupils requiring mental health support

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

Young Carers and pupils with medical conditions

Young carers and pupils with medical conditions may face additional pressures or barriers to seeking help. Staff will consider their individual communication and support needs, listen to their views and refer safeguarding concerns through the usual route. A medical condition or caring role must not be assumed to explain away an indicator of harm.

13. Use of the school premises for non-school activities

Where the directors hire or rent out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate safeguarding arrangements are in place to keep pupils safe. The school will refer to the DfE's guidance on keeping children safe in out-of-school settings in these circumstances.

Where the directors provide the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the directors will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The directors will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The directors will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extracurricular activities and clubs

External bodies that host extracurricular activities and clubs at the school, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

All national governing bodies of sport that receive funding from either Sport England or UK Sport must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

Before a pupil attends another provider or an externally run activity, the school will identify who supervises the pupil, who receives and reports concerns, what safeguarding checks and policies apply, and how relevant information will be shared. Commissioning provision does not remove the school's safeguarding responsibility for its pupil.

14. Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff and will satisfy itself that the placement is meeting the pupil's needs.

Those responsible for the commissioning of alternative provision will be aware that pupils in alternative provision will often have complex needs – they will be mindful of the additional risk of harm that these pupils may be vulnerable to.

15. Work experience

Where the school agrees that a work experience placement is in the pupil's interests, it will assess the placement's supervision, safeguarding arrangements and risks to that pupil. It will determine any checks required for adults supervising pupils in line with current KCSIE provisions and obtain appropriate assurances from the provider before a placement begins.

16. Concerns about pupils

If a member of staff has any concern about a pupil's welfare, or a pupil has reported a safeguarding concern in relation to themselves or a peer, they will act on them immediately by speaking to the DSL or deputy DSLs.

An entry in Behaviour Watch or another electronic form does not itself notify the DSL of an urgent concern. Staff must also speak directly to the DSL or trained deputy using the current contact route. If neither is available and a referral is needed, any member of staff may contact children's social care directly and inform the DSL as soon as possible afterwards.

Staff will be aware that pupils may not feel ready or know how to tell someone that they are being abused, exploited or neglected, and/or they may not recognise their experiences as harmful. Staff will be aware that this must not prevent them from having professional curiosity and speaking to the DSL, or deputy DSL, if they have a concern about a pupil.

All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in the Communication and confidentiality section of this policy.

Where the DSL is not available to discuss the concern, staff members will contact the deputy DSLs with the matter. If a referral is made about a pupil by anyone other than the DSL, the DSL will be informed as soon as possible.

The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer. Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil. If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.

If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered. All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded in the school's approved, access-controlled safeguarding record, separately from routine pupil and behaviour records.

If a pupil is in immediate danger, staff will call 999 and contact children's social care without delay. Where a report may involve a criminal offence, the DSL will consider police involvement promptly. Where a report of rape, assault by penetration or sexual assault is made, the starting point is to pass it to the police, alongside a referral to children's social care where appropriate. The school will protect and support all children involved and record its decisions and reasons.

Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback

and express their views. When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

The school will consider whether a family group decision-making forum is appropriate to determine the help and support the family network can provide for a pupil where concerns have been raised about their safety or wellbeing.

17. Managing referrals

In immediate danger, call 999 and contact children's social care. The referrer follows up if children's social care has not provided its decision within one working day. The DSL records the decision to refer or not refer, the reasons, protective action, the child's views and the result of follow-up. A case is re-referred or escalated if the risk continues or increases.

The reporting and referral process outlined in the Reporting Safeguarding Concerns Flowchart will be followed accordingly.

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSCS. Where CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSCS decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school

will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

18. Concerns about school safeguarding practices

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

19. Safeguarding concerns and allegations of abuse against staff

A concern or allegation about a staff member, supply teacher, trainee teacher, volunteer or contractor that may meet the harm threshold is reported immediately to the headteacher for consideration of LADO advice. A concern about the headteacher is reported to an unconflicted proprietor. If the concern involves a proprietor or their family, or there is a conflict in the internal route, staff may contact the LADO directly. Immediate risks are reported to the police or children's social care. Lower-level concerns are recorded and handled under the Low-level Safeguarding Concerns Policy; uncertainty about the threshold is discussed with the LADO.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns", as defined in the Allegations of Abuse Against Staff Policy. Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child, or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

Low-level concerns will be handled in line with the schools' Low-level Safeguarding Concerns Policy.

20. Communication and confidentiality

When recording, holding, using and sharing information, the DSL will ensure that they:

- Understand the importance of information sharing, both within the school and with other schools on transfer including in-year and between primary and secondary education, and with safeguarding partners, other agencies, organisations and practitioners.

- Understand relevant data protection legislation and regulations, in particular the Data Protection Act 2018 and the UK GDPR.
- Are able to keep detailed, accurate, secure written records of all concerns, discussions and decisions made including the rationale of those decisions. This will include instances where referrals were and were not made to another agency such as LA children's social care or the Prevent program.

All child protection and safeguarding concerns will be treated in the strictest confidence in accordance with school data protection policies.

The school will protect the privacy and, as far as possible, the anonymity of all children involved in a report of sexual harassment or sexual violence. It will limit information to those who need it for safeguarding, support or investigation, and comply with any applicable legal reporting restrictions. Where a report progresses through the criminal justice system, the school will work with relevant agencies to support and protect the children involved.

Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis. During the disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.

Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime. Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others. Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.

Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved. Discussions with parents will not take place where they could potentially put a pupil at risk of harm. Discussion with the victim's parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report. Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, with the reasons behind decisions being explained and the available support discussed. External agencies will be invited to these discussions where necessary.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.

Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

21. Safer recruitment

The school's full policy and procedures for safer recruitment are outlined in the Safer Recruitment Policy.

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

Whether a role is regulated activity, and the checks required for staff, volunteers and others, will be determined under current KCSIE Part three and the law applicable to that role. The school will not assume that supervising a volunteer removes regulated-activity status. The DfE's DBS Workforce Guides will be consulted when determining whether a position fits the child workforce criteria.

The directors will conduct the appropriate pre-employment checks for al prospective employees, including internal candidates and candidates who have lived or worked outside the UK.

The appropriate DBS and suitability checks will be carried out for all directors, volunteers, and contractors.

Staff suitability

All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018. A person may be disqualified if they:

- Have certain orders or other restrictions placed upon them.
- Have committed certain offences.

Childcare disqualification requirements will be considered where the school provides childcare to which those requirements apply. Checks and declarations will be limited to roles and provision within the relevant legal scope; the school will not treat every school employee as disqualified from working in a school by default.

Ongoing suitability

Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

Referral to the DBS

The school will assess and fulfil its legal duty to refer to the DBS where it removes a person from regulated activity, or would have removed them had they not left, because the relevant harm or risk of harm conditions are met. Decisions and reasons will be recorded. Suspension alone does not automatically create a DBS referral duty.

22. Single-central record (SCR)

The school keeps an SCR which records all staff, including agency and third-party supply staff, and teacher trainees on salaried routes, who work at the school.

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK

For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all the necessary checks have been conducted (i.e. all the same checks the school would perform on any individual working in the school or who will be providing education on the school's behalf, including through online delivery) and the date that confirmation was received.

If any checks have been conducted for volunteers, this will also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Written confirmation that supply agencies have completed all relevant checks will also be included.

The school is free to record any other information it deems relevant.

The details of an individual will be removed from the SCR once they no longer work at the school.

23. Training

Staff receive safeguarding and child protection training at induction. Training is updated regularly, and staff receive safeguarding updates whenever needed and at least annually.

The induction training will cover:

- The Child Protection and Safeguarding Policy.
- The Child-on-child Abuse Policy and procedures.
- The Staff Code of Conduct.
- Part one of the current Keeping children safe in education, read in full by every member of staff.
- The Behaviour Policy.

- The Children Missing from Education Policy, including the safeguarding response to children who are absent from education.
- Appropriate child protection and safeguarding training, including online safety training – which, amongst other things, includes an understanding of expectations, applicable roles and responsibilities in relation to filtering and monitoring.
- Information about the current identity and direct contact route of the DSL and trained deputies and the daily cover arrangements at both sites.

All staff members will also receive regular safeguarding and child protection updates as required, but at least annually. Training will cover, at a minimum:

- The issues surrounding sexual violence and sexual harassment.
- Contextual safeguarding.
- How to keep CLA and PCLA safe.
- CCE and the need to refer cases to the National Referral Mechanism.
- Updated online safety training.

Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school.

The DSL and deputy DSLs will undergo child protection and safeguarding training, and update this training at least every two years. The DSL and deputy DSLs will also obtain access to resources and attend any relevant or refresher training courses, ensuring they keep up-to-date with any developments relevant to their role. This will include training to understand:

- The assessment process for providing early help and statutory intervention, including local criteria for action and CSCS referral arrangements.
- How LAs conduct child protection case conferences and a child protection review conferences, to enable the DSL to attend and contribute to these effectively when required.
- The importance of providing information and support to CSCS.
- The lasting impact that adversity and trauma can have.
- How to be alert to the specific needs of children in need, pupils with SEND and/or relevant health conditions, and young carers.
- The importance of internal and external information sharing.
- The Prevent duty.
- The risks associated with online safety, including the additional risks faced online by pupils with SEND.

24. Monitoring and review

This policy is reviewed at least annually by the DSL and the headteacher. This policy will be updated as needed to ensure it is up-to-date with safeguarding issues as they emerge and evolve, including any lessons learnt.

Any changes made to this policy will be communicated to all members of staff. All members of staff are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction programme. The next scheduled review date for this policy is **September 2027.**

The headteacher checks the current identity, direct contact route, training status and daily cover of the DSL and deputies whenever these change. Staff at both sites are informed promptly, and induction information and the current cover details on Behaviour Watch are updated without waiting for the annual policy review.

Any child protection incidents at the school will be followed by a review of the safeguarding procedures within the school and a prompt report to the directors. Where an incident involves a member of staff, the LADO will assist in this review to determine whether any improvements can be made to the school's procedures.

If any concerns are raised by the LADO or Ofsted about safeguarding issues, the following actions will be taken:

The headteacher and proprietors will take immediate protective action, preserve relevant evidence, follow LADO, police and children's social care directions where applicable, and agree a documented improvement plan with owners and deadlines. The DSL will support safeguarding action without undertaking an internal investigation that could prejudice an external process.

The DSL will provide a comprehensive safeguarding report to the directors at least annually, and more frequently if required, to ensure the directors maintain strategic oversight of safeguarding arrangements in line with statutory duties.

Appendix A

Immediate response to a safeguarding concern

Ensure the child is safe; call 999 if there is immediate danger or a medical emergency.

Listen calmly, avoid leading questions and do not promise secrecy or investigate.

Tell the DSL or trained deputy immediately using the current direct contact route communicated to staff. If neither is available, contact children's social care directly where needed and tell the DSL as soon as possible afterwards.

Record the child's words, observations, time, actions, decisions and follow-up in the restricted safeguarding system. An online record alone is not urgent notification.

Follow up and escalate if the child remains at risk.

Staff use current KCSIE Annex A, local safeguarding procedures and the school's linked specialist policies for detailed guidance on particular forms of harm.
